

Installing Officer – Direction Evaluation Sheet P.R.I.D.E. Ritual Tournament

NOTES: The Diagrams in the 14th Edition of the Ritual show the SD/SB and Mar./Ch. stations set closer to the East-West axis of the room than shown below. However, in the 14th Edition, the text descriptions of the related movements are unchanged from the previous edition. This makes it unclear whether certain movements require extra turns (e.g., in Chapter Proficiency, should the SD going to candle 1 first move North then West turning at approximately point "V"?). If a competitor does place these stations nearer the East-West axis of the room and/or makes the related extra turns/movements (which are not shown below), do not count these as errors.

SET-UP AND GENERAL

0315
G1 D1

The stations of the Required Parts and the Alter must be arranged as on Diagram 1, or as close to it as the room permits. One extra chair is provided at each required station, located at the chapter's option.
